A Message from Campaign Co-Chairs

Thank you! Thank you! Thank you! There is no other way we can begin this letter than by expressing our deep gratitude and appreciation to the nearly 60 individuals, families, businesses and organizations that have supported the “Jump Into Local Recreation” Pool Restoration Campaign. In just seven months of active fundraising, SECA friends have contributed \$530,000 (gifts and pledges) toward our minimum campaign goal of \$650,000. That is fantastic! But we aren’t done yet!

We hope you will appreciate this brief update on the campaign, the project and our supporters. If you haven’t made your gift to the campaign, there is still time to participate. One of the two of us or another member of the Campaign Steering Committee would like to speak with you about the various ways to give to this campaign. Also, you may visit www.secarec.org to learn the latest about the campaign and project or to make a convenient on-line gift.

With Deep Appreciation,
Rick Rankin & Kim Risk, Campaign Co-Chairs

SECA greatly appreciates the many local businesses and organizations that have made support for SECA a priority. As a special thank you to businesses and organizations who contribute \$5,000 or more to the “Jump Into Local Recreation” Capital Campaign, SECA will be installing 3’ x 6’ two-sided, full color heavy duty vinyl banners bearing your company name and logo* on the fence surrounding the pool. The banners will be hung year round and will be on display every year for the next five years. Location of the banner will be determined by size of gift and on a first-come, first-served basis. We are excited to use this very visible location to highlight the generous support of the business community.

*Camera ready artwork to be supplied by the business. If banners need to be replaced in subsequent years, the company will be responsible for the purchase price of a new banner. For further information, please contact Kim Risk, Campaign Co-Chair at 717-278-0881 or kmrisk@aol.com.

DONOR SPOTLIGHT:

Dr. Richard Albright of Albright & Thiry Orthodontics

What motivated you to make a leadership gift to this campaign?

“The swimming pool has been an important part of the Southern Lancaster County community. Since 1947 it has been a great activity for families and children. The pool at this time needs major renovations and improvement if it is going to be a centerpiece for SECA.”

Do you have any special memories of the pool?

“I was there in the beginning when the American Legion members after World War II were building the pool. I was carried on Donald (Ears) Ankrum’s shoulders wading in the baby pool. It was the only pool outside of the city of Lancaster. I spent my summers swimming on swim team under Coach Ray Dunlap. Dr. Jim Pennington was the manager. Later after high school, I managed through college and dental school. It was always a focal point for children and parents to enjoy life. Noise, yes. High dive, yes. Running when should be walking, yes. But fun, fun, fun!”

Why should members of our community support the Jump Into Local Recreation Campaign?

“We all are asked to help in many worthwhile causes. Visit the pool, walk into the locker rooms and the filter room, and look at the pool bottom. Yes, it needs a lot of help!!! The pool has been a centerpiece of recreation in the southern end. Make helping a priority this year for giving. Make a pledge for one year or five years. Without your help, there is no pool for you, your children, or your grandchildren. Please help to continue the “Legacy.”
